RE: Docket No. W-01651-99-0351
Decision No. 62450
Decision Compliance Status Report, Paragraph 25 f.

Dear Sir or Madam:

Regarding the action to submit final plans by December 31, 2010 detailing plans to use CAP water directly in Vail Water's service territory and plans for actual construction of any necessary facilities, please be advised that we are investigating alternative plans to use the CAP water in our service territory but no physical action has taken place to date. Vail Water is in discussions with Tucson Water about a potential wheeling agreement that would result in CAP water being used directly into its service area.

If you have any questions please do not hesitate to contact me at (520) 571-1958, extension 105 or via fax at (520) 571-1961.

Sincerely,

Christopher T. Volpe
Vice President
